

Real Worth vs. Low Cost

If you asked your butcher for a porterhouse steak and he handed you a cut of the flank and said, "This doesn't cost as much and is just as good," you wouldn't believe him, would you?

Yet the butcher's statement is just as truthful as an assertion that inferior baking powders made of alum or phosphate of lime are as good as Royal, which is made from cream of tartar.

Alum is a mineral acid salt, declared by many medical authorities unsafe to use in food.

Royal Baking Powder is as pure and wholesome as the grapes in the vineyard, from which cream of tartar is derived.

The only reason for using such substitutes as alum and lime phosphates is because their cost is less to the manufacturer.

The first of the week W. E. Baldwin sold 120 head of first class springers to the manager of the C. C. ranch in Colorado. This makes over 700 head of high quality stock which Mr. Baldwin has disposed of lately. With the exception of the above 120 head they have all been sold to Trego county stockmen.

Yes brother, we also printed "some of the cards" for the Trego county High school graduates, besides the other High school printing. This "some" being twenty-five hundred cards, or the cards for the class with the exception of four. We are equipped to turn out the best work in the least time thus giving our customers the benefit.
